

TUSCANY FOR BODY & SOUL:

Ted Scott has created a series of illustrated Tuscany lectures by him and other experts about its geography and culture: food, wine, art, architecture, etc., which bring this paradise to life (especially in Ted's beautiful slides).

Geography, History, Flora, Fauna, Towns; the Etruscans; the ancient development and emergence of the area called Tuscany.

The Romans; A unique architectural style based upon the Roman "invention" of interior space.

Tuscany, Birthplace of the Renaissance; the rise of a new architectural style; comparison with its predecessor and successor styles; Brunelleschi, Michelangelo, Ghiberti.

Art and Artists of Tuscany; painters, sculptors, etc., and their work.

Wines of Tuscany; history; types of grapes; vintners; wine-making; etc.

Tuscan Cuisine.
